For Catalogues and Information please contact Charlie Forbes on (08) 8258 0235 or 0438 133 479. For Commissions and assistance with bidding for those who cannot attend, please contact Rod Simmons on 0423 512 264 or Tim Fawcett on 0400 400 324.

Charlie hopes the purchasers of the birds get as much enjoyment out of these birds as he has over a long period of time. NB: The Sex of young birds cannot be guaranteed. Pedigree information will be supplied with each lot.

TESTIMONIALS:

I have known and flown pigeons against Charlie Forbes for over 30 yrs, initially as a kid flying with my grandfather in the same strong Salisbury group in the SAHPA. Charlie has always been an outstanding competitor with top results and works tirelessly with training and refining his birds. Over many years he has been the top flyer in his area and has never been afraid to source new birds into his colony to continue to improve and achieve high results. I can thoroughly recommend his pigeons to anyone who wants to gain top results as these birds are continually put to the test and only the best make the grade.

Kind Regards and Best wishes for the future Charlie, your friend in the sport

Tim Fawcett.

TESTIMONIALS:

Charlie and I have been good friends for a long time and through this friendship we have exchange some of our best stock birds. Swapping pigeons has been advantages to both of us with my Janssen line pigeon's producing very good race birds for Charlie and his Goodgers featuring in many of our best hard day race birds.

Some of our top ten results racing in the VRPU from breeders direct of Charlie's birds include:

1st Fed and 1st VRPU Morgan National 630K Vel 1261mpm

1st Federation Griffith 390K Vel 938mpm

2nd Fed Collaredebri 960K (600 miles) Vel 913mpm

3rd Fed Carrieton 830K (500 miles) Vel 1293mpm

8th Fed Carrieton 830K (500 miles) Vel 1318mpm

9th Fed Hay 350K Vel 1594mpm

10th Fed Yolla Tasmania 440K Vel 1240mpm

Plus for others from the same parents:

5rd Fed Carrieton 830K (500 miles) Vel 1077mpm

I have found these pigeons race at their optimum when the velocity drops below 1400mpm. They also cross very well with our imported families.

Charlies Goodger based pigeons have had a great impact in our loft; they have helped us to be very competitive in the longer races.

Rod Simmons

Winners1
