G. Hamilton Middle to Long Distance Family

Hamilton Middle to Long Distance

(1 day racing-most conditions)

Based on the outstanding bloodlines of Janssen and Van Loon with introductions of Koopman, Heremans and Vandenabeele

This family of pigeons score consistently high results from 250klm through to 750klm in most weather conditions. Generally at their best with velocities between 1100mpm through to 1500mpm. The brilliance and versatility of this family was displayed in 2012 with a record breaking performance scoring 1st 2nd 3rd 4th 5th & 6th SAHPA (with 10 min lead) from Ceduna Derby 540klm against 3,535 pigeons, 209 owners with a winning velocity of 1099mpm (8 pigeons in the top 10). The superb pigeons and bloodlines used to make-up of this family allows for the much sort after overlap for all distances on the one day racing.

G. Hamilton Long to Extreme Distance Family

Hamilton Long to Extreme Distance

(1 & 2day racing-heavy weather)

Based on the outstanding bloodlines of Pryor and Goodger with introductions of the same from Metcalf, Walford and Cunningham

This family of pigeons is typical of the old South Australian families of years long ago. Reliable in heavy weather conditions in one day races and extreme distance two day racing through to Alice Springs 1300klm. Despite the fact of not having flown Alice Springs for several years preferring instead to compete for aggregate point scores this family has still scored 14 top 30 placing's from Alice Springs including 3rd 3rd 4th 5th 8th 9th & 9th. The brilliance and versatility of this family was displayed in 2009 with a record breaking performance scoring 1st 2nd 3rd & 4th SAHPA from Wilcannia 560klm against 2,453 pigeons, 159 owners with a winning velocity of 1175mpm.

More notable top 10 performances in recent years,

(Please note; club & group prizes are not listed preferring instead open results against the strongest competition possible)

Plus many more positions in top 30 in SAHPA against approx. 260 members.

REFERENCES

“Long Term Success”

G&C McLeod, Warrnambool, Victoria

The first pigeons we purchased from Greg Hamilton in 2002 were children of the Goldmine Cock which we wanted to cross into pigeons we had previously purchased directly from John Pryor. These birds were immediately successful particularly in the harder races. In more recent years we have secured some Van Loon based pigeons from Greg and one in particular, Pandora (a double fed placed hen), has been outstanding. Pandora has produced (directly and via her children) many winners and high placed birds in the last couple of years after already leaving her mark in Greg's loft. There is no doubt Greg is one of Australia's foremost pigeon fanciers. His results speak for themselves. Greg also has excellent stock sense - he knows where to source top pigeons and how to mate them. We wish Greg well for his upcoming sales.

Graeme & Chris McLeod, Warrnambool

“Long Distance Success”

K&K Watson-SAHPA, Adelaide, South Australia

A few years ago I was fortunate to be given a pigeon bred by Greg from his Pryor-Goodger stock. This pigeon's offspring has been an outstanding addition to my loft and others. In 2011 his daughter finished 1st Alice Springs LDC clocked 6:53am next day approx. 3 ½ hours in front of the next Adelaide pigeon.

In 2012 another daughter finished 3rd SAHPA Coober Pedy, only beaten by two of Greg's pigeons. In 2013 a granddaughter finished 8th SAHPA Holbrook Open for Alan Agar with only 24 pigeons clocked next day and only 32 pigeons overall.

This pigeon is also the sire of Greg's super pigeon "Formula 1" sire of equal Bird of The Year 2013 when bred with champion "Vintage Crop"

Greg's ability in selection of breeding for stock and racing is outstanding not just from my own experience as shown above but his records in the past years, he has raised the bar in Australian pigeon racing with his relentless quest for excellence and has given others the opportunity to share in the results.

Ken Watson

“Great results from Hamilton Pigeons”

PETER VIRGONA Colac Victoria

I am very fortunate. Many years ago I entered this fantastic sport of racing pigeons, but was very disappointed to not get birds home, with great losses. I then read an ad in the journal of race teams for sale about proven winning birds. The birds of Greg Hamilton, in Horsham. After reading the article, my wife and I made the trek to Horsham. We met Greg and Leanne, and struck up a great friendship. We purchased the race team, but then I was gifted birds and lent some great stock. We left there with so much knowledge. The following year I had instant success. Many years have passed by now and I have purchased some great stock over the years. Following his lead, he has great stock sense, and is a master pigeon breeder and racer. He has an amazing passion and attitude to pigeons, and has been driven by increasing his knowledge of pigeons traveling overseas on numerous occasions. He loves to share this and has no secrets. He challenges himself and sets goals every year. The advice and mentorship from Greg has put me at the top in both club and state wide events. I have won out of turn with these fantastic birds. To name a few: 1st Horsham cup twice, Eureka cup twice, including this year (2014). Hop the water, winning \$20,000: 1st 700ml race Coongoola, and many more. I owe my success in this sport to Greg Hamilton, his fabulous family of pigeons, and ongoing advice.

Peter Virgona, Colac.

"Best quality pigeons"

David & Barbara Cunningham, NAHPA, Port Pirie, South Australia

I have known Greg for well over thirty years and from the first time that he came to my place with a car load of Horsham pigeon flyers I picked him out as being a top pigeon man in the future. His interest and powers of observation were fantastic. He was only a very young teenager then. Over the years since then we have made many exchanges of pigeons with each of us gaining success with each other's pigeons. In recent times I have tried some of Greg's imports and either straight or crossed with my own family for country flying conditions the strike rate has been exceptional. Greg has always had that steely determination to succeed and hasn't hesitated to seek out whatever he thought he needed to do that over the years. He is the most professional pigeon flyer that I have known over many years and I would not hesitate to purchase pigeons from him for country or big Federation competition.
David Cunningham. Port Pirie.

Introduction to birds being offered for sale.

"It's always been my intention to race and breed the best pigeons possible. This I believe gives you a more than reasonable chance of being successful in the sport. Much pleasure has been derived from our racing results but without doubt the greatest pleasure for me comes from breeding and maintaining two outstanding families of pigeons being our middle to long distance one day pigeons and our long to extreme distance two day pigeons. Both these families have seen many fanciers successful in all states of Australia.

I have decided to take a break from racing for at least the 2015 season. This now gives a first time opportunity to offer our pigeons over 2 sales in 2 states of Australia. It's with great pleasure a pride that these pigeons are offered for sale.

Thank you for your faith in Hamilton Pigeons and I wish all purchasers the very best of luck with your new acquisitions."

Greg Hamilton

Lot 1: BBH AUST 10 21829

"Euro Princess" G Hamilton Middle Distance. Top producing proven breeder for G Hamilton. Daughter of "Super Hero" imported Heremans son of Euro, when paired to ace Van Loon hen "Pandora" who is now No 1 hen for G&C McLeod, Warrnambool.
